PROGRAM OVERVIEW

Are you an ambitious manager who needs a high-quality tertiary qualification? Do you want to study by distance? Then Chifley's MBA, and nested awards—established and recognised by industry—are for you.

Our program is designed for managers who already have considerable experience but are looking to their future and that of their organisations. We will enhance your existing managerial judgement, modifying or reinforcing what you have learnt from experience, to provide you with the skills and knowledge you need to analyse any situation in a disciplined way.

You will graduate with conceptual frameworks for thinking about business that are directly transferable to your workplace. You will know what needs to be done to adapt your organisation—and your career—and you will know how to do it.

Assessment differs for each unit and while a schedule is provided, the time required to complete tasks and achieve the unit aims will depend on your particular knowledge, experience and commitment.

Credit is available for previous relevant postgraduate study that you have completed within the last 10 years. To graduate from any Chifley Business School postgraduate program, you must complete at least 50% of the course you are enrolled in.

Each case is reviewed individually and more information on applying for credit is available at www.mba-distance-learning.com/credit.asp

There are two student intakes each year, and each study period lasts 18 weeks plus exams. An additional summer study period allows existing students to fast track their studies.
